Transparency statement on the use of GenAI for KU Leuven-students (academic year 2026-2027)

- **Complete the transparency statement based on the Code of Conduct for GenAI use by students and the principles and guidelines for GenAI use at KU Leuven.**
- **Be careful: specific instructions from your teaching staff or faculty take precedence over the university-wide code of conduct and guidelines.**
- **By completing this document, you acknowledge that you have read the code of conduct and guidelines and have used them to fill in this transparency statement.**
- **Below, you indicate yes/no for each type of GenAI use. In the bottom row of the table, specify any GenAI use that does not fall under the other categories (or is a combination of them).**
- **Where the code of conduct states that you do not need to cite a particular type of GenAI use, this refers to citations within your work itself. However, you must of course still mention the relevant GenAI use in this transparency statement.**
